

This policy applies to savings and checking accounts. Our policy is to delay the availability of deposits to allow them to be processed and cleared. During the delay, you may not withdraw the funds in cash; use the funds to pay checks that you have written or to make loan payments. Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

Determining the Availability of a Deposit

The length of the delay is counted in business days from the banking day of your deposit. Every day is a business day except Saturdays, Sundays, and Federal Holidays. If you make a deposit before closing on a business day that we are open, that is the day of your deposit. However, if you make a deposit after closing or on a non-business day, the deposit will be reflected on the next business day we are open.

Hold on Other Funds

If we cash a check for you that is drawn on another financial institution, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time the funds from the check we cashed would have been available if you had deposited it. If we accept for deposit a check that is drawn on another financial institution, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this Disclosure for the type of check that you deposited.

Longer Delays May Apply

We may delay your ability to withdraw funds deposited by check into your account an additional number of days for these reasons:

- We believe a check deposit will not be paid.
- Your deposit of checks totals more than \$5,000 on any one (1) day.
- You deposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six (6) months.
- There is an emergency, such as a failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the ninth business day after the day of your deposit.

Special Rules for New Accounts

If you are a new member, the following special rules may apply during the first 30 days your account is open. Funds from cash and electronic deposits to your account will be available on the day we receive the deposit. Funds from deposits of the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of your deposit. The excess of \$5,000 will be available on the ninth business day after the day of your deposit. Funds from all other check deposits will be available on the ninth business day after the day of your deposit.
